## Tournament Results

### HURRICANE RELIEF UNIT GAME

A single-session game was held on September 24<sup>th</sup> with a portion of the entry fee sent to the Red Cross Relief Fund. A 45-minute lesson preceded the game.

#### Overall Results

Score	A	B	C
103.0	1		Stella O'Neill – Neil Petrie
100.5	2	1	Joyce Glittenberg- Carol Irvin
98.0	3	2	Mark Spaeth – Ed Yosses
97.5	4		Larry Matheny – Steve Turner
97.0	5	3	Judy Davis – Billie Turner

### Membership Meeting & Election

The Unit Membership meeting was held on October 29<sup>th</sup>. A meeting was conducted between sessions the meeting with the new Unit board for 2006 approved by acclimation. The board welcomes Neil Petrie, Sue Simmons, and Doug Watt and thanks departing board members Jon Gustafson, Larry Mason, and Steve Turner for their years of service.

The treasurer's report was presented and the 2004 Ace of Clubs and Mini-McKenney winners were announced. There were 14.5 tables in the morning and 15 in the afternoon session. The strats were A (unlimited), B (750) and C (300).

#### Overall Results

Score	A	B	C
398.6	1		Earl Tackman– Jim Zuboy
382.9	2		Neil Petrie – Ginny Steele
363.2	3	1	Doug Watt – Norm Watt
353.5	4		Judy Davis – Billie Turner
348.9	5		Larry Matheny – Steve Turner

334.4		3	Joyce Glittenberg – Rita Koch
322.4.		4	Rich Kommrusch – Leo Yudien

### ANNUAL HOLIDAY PARTY

The two single-session annual holiday party held December 10 was a lot of fun. There were 14.5 tables in the morning and 12 in the afternoon. Each game was sanctioned as a STAC game (Sectional Tournament at Clubs), so Silver Masterpoints were awarded to the winners. The games were stratified C=0-500; B=500-1500; and A=1500+.

As is our tradition, recently earned ACBL Ranks were acknowledged with special cookies. These were given to Mary Ann Baumann and Doug Watt for attaining Life Master; Bill Stoltey and Ed Yosses for Bronze Life Master; Jim Zuboy for Silver Life Master; and Jon Gustafson for Gold Life Master.

The snack table was overloaded with homemade goodies and there were numerous door prizes given out during the games. The large number of winners in both sessions, each direction prohibits us from listing them.

### **Fall Nationals in Denver**

In November, Denver was host to a National Tournament for the first time in many years. Many of our unit's members attended the tournament and it's impossible to show all of the winners. However, the Fort Fun club, which is limited to those players with fewer than 200 masterpoints, strongly encouraged their members to attend. Their successes are shown here.

Marge and Dick Webster won overall in a single session 299er game and had a 64% game, the best game recorded at the tournament by a player from our club. George and Liz Varra playing with Ron Alexander and Walt Hutton won a 299er Swiss team event. Julie Wertz and Rena Hansch had a 62% game in a 0-5 event. Other players who placed in events included: Gail Hanson and Miriam Johnson; Beth McGregor and Judy Lira; John Buhlmann and Linda Wyatt; Kay Fergus, Linda Wyatt and pick up partners; Carol Shafer and Jane Clark; Joanne Berger and Teresa Coulton; Liz and George Varra; and Dick and Marge Webster. Club Directors Marilyn Pultz and Bill Follis won a KO and a Compact KO.

## **Coming Events**

The following Unit sponsored events are coming up in the next few months. Our playing site is the **All Saints' Episcopal Church, 3448 Taft Avenue, Loveland**. There is great close-in parking and the playing site is smoke-free and roomy. The Unit maintains a calendar of coming events that can be accessed over the Internet. The calendar lists all of the ACBL Nationals, District 17 Regionals and the Colorado and Cheyenne Sectionals, along with all of the unit games. Access the calendar through: <http://calendar.yahoo.com/norcolobridge/>

## COUNTING THE CARDS

One of the most important techniques the successful bridge player must learn is the simple task of counting the opponents' cards. This is key to both sound declarer play and accurate defense. Here is an example.

Scoring: Matchpoints

<p><b>Dir</b> E</p> <p><b>Vul</b> N-S</p>	<p>♠ KJ5</p> <p>♥ AJ5</p> <p>♦ AJ64</p> <p>♣ KJ2</p>	<p>♠ 9</p> <p>♥ 87643</p> <p>♦ 73</p> <p>♣ 98765</p>	<p>West</p> <p>Pass</p>	<p>North</p> <p>7NT</p>	<p>East</p> <p>Pass</p> <p>All Pass</p>	<p>South</p> <p>2NT</p>
<p>♠ Q87632</p> <p>♥ 109</p> <p>♦ 1082</p> <p>♣ 43</p>	<div style="border: 1px solid black; width: 60px; height: 60px; margin: 0 auto;"></div>	<p>♠ A104</p> <p>♥ KQ2</p> <p>♦ KQ95</p> <p>♣ AQ10</p>				

**BIDDING:** After hearing 2NT from his partner, North added his 18 high card points to his partner's 20-21 and confidently bid the grand slam.

**PLAY:** West led the ten of hearts and South could count 12 tricks: two spades, three hearts, four diamonds, and three clubs. Unfortunately the identical shapes of the two hands resulted in a lot of duplication. It was clear the 13<sup>th</sup> trick had to come from the spade suit so declarer proceeded to find out all he could about the opponents' hands. By playing the other three suits, he discovered that East held five hearts, two diamonds, five clubs, and therefore only one spade. He confidently played the ace of spades followed by a low one to dummy's jack.

Note declarer did nothing more than COUNT the opponents' distribution.

## RESPONDING TO PARTNER'S TAKEOUT DOUBLE

While you and your partner may usually reach the right contract when you have the auction to yourselves, the opponents sometimes enter the auction first. One of the tools you have at your disposal is the TAKEOUT DOUBLE. Here are some guidelines for responding to partner's takeout double, followed by some examples.

OPP	PARD	OPP	YOU
1♥	DBL	P	??

### RESPONSES:

Non-jump in new suit	0-8 points, usually a four card or longer suit
Jump in new suit	9-11 points, not forcing, a good four card or longer suit.
Cue-bid of opp. suit	12+ points, forcing.
1NT	7-10 points, stopper in opponent's suit, balanced hand.
2NT	11-13 points, good stoppers in opponents' suit, invitational.
PASS	Solid trump suit, directs partner to lead a trump.

### EXAMPLES:

OPP	PARD	OPP	YOU
1♥	DBL	P	??

(a)	(b)	(c)	(d)
♠ J976	♠ 6	♠ J97	♠ 643
♥ 632	♥ 632	♥ Q10932	♥ KJ98
♦ A10872	♦ A10872	♦ 432	♦ K1086
♣ 5	♣ J976	♣ 42	♣ J4
(g)	(h)	(i)	(j)
♠ 643	♠ KQ87	♠ AQJ2	♠ 7
♥ Q95	♥ 652	♥ 7632	♥ KQJ1062
♦ A43	♦ A652	♦ 7	♦ Q42
♣ QJ97	♣ 73	♣ KQ87	♣ K52

- a. 1♠ Help locate a 4-4 major suit fit.
- b. 2♦ Bid your best suit.
- c. 1♠ A poor choice, but the least of evils. Your hand isn't strong enough for a 1NT bid and your hearts are too weak for a penalty pass.
- d. 1NT If your side should have game, it is much more likely to be in no-trump than in diamonds, and you are just strong enough for the constructive 1NT response.
- e. 2♣ Your hearts probably won't be an adequate stopper opposite partner's implied shortness, and this balanced hand with so many queens and jacks is not worth a jump. You should also discount the poorly placed heart queen.
- f. 2♠ Jump to show a hand worth 9-11 points.
- g. 2♥ Game is probable, especially since none of your values are wasted in hearts, so cue bid to show at least 12 points. If partner now bids 2♠, jump to 4♠.
- h. Pass Allowing the double to stand commands a trump lead from partner.

# Alert Procedures

From Steve Turner

(The 2nd of a series on the subject of Alerts)

## TYPES OF ALERTS

### Pre-Alerts

Pre-Alerts are given before the auction period begins on the first board of a round. Pre-Alerts are designed to act as an early warning of any unusual methods for which the opponents may need to prepare. Additionally, a pre-Alert is required when playing methods permitted by the ACBL Mid-Chart or Super Chart in an event conducted using that chart. Pre-Alerts are given aloud by explaining the systems or methods.

### Immediate Alerts

Immediate Alerts are given at the time partner makes a call, which requires an Alert. These Alerts are given in the form described under How to Alert (see the 1<sup>st</sup> article in the September 2005 RECAP, available at [www.NorthernColoradoBridge.com](http://www.NorthernColoradoBridge.com)).

### Delayed Alerts

Alerts given after the auction is completed for Alertable calls above the level of 3NT starting with the opening bidder's second turn to call. The dummy or declarer Alerts the defenders before the opening lead. The defenders Alert after the opening lead has been made but before it is faced.

## PART I: NATURAL CALLS

Most natural calls do not require Alerts. If the call promises about the expected strength and shape, no Alert is necessary. Treatments that show unusual strength or shape should be Alerted.

**As to length, ACBL accepts as NATURAL** any offer to play in a suit for the first time that shows:

- (1) Three or more cards in a minor suit.
- (2) Four or more cards in a major suit.
- (3) Four or more cards for an overcall in a suit at the one level.
- (4) Five or more cards for a weak two-bid.
- (5) Six or more cards for a three-level preempt.

NOTE: Partnerships whose systems include extremely aggressive methods, such as frequent use of four-card overcalls at the two level or higher, weak two-bids with bad five-card suits, or three-level preempts with bad six-card and/or most five-card suits **must pre-Alert** the opponents before the round begins.

A treatment is a natural call that carries a specific message about the suit bid or the general strength of the hand. Agreeing to open five-card majors is a treatment - when you open 1♥, partner "knows" you have five or more. This is indeed a message but not an unexpected one, so no Alert is required. Weak jump shifts, on the other hand, are unexpected and therefore Alertable.

EXAMPLE: 1♣-P-2♠

If the 2♠ bid promises a spade suit of five or more cards, it is a natural call. The treatment involves the strength that the bid promises. If the call is forcing to game, no Alert is required. If it is weak or invitational, then it must be Alerted.

Natural bids that convey an unexpected meaning must be Alerted. This includes strong bids that sound weak, weak bids that sound strong, and all other bids that, by agreement, convey meanings different from, or in addition to, the expected meaning ascribed to them.

EXAMPLE: 1♠-P-2♣

If 2♣ is natural and forcing, promising three or more clubs and 10 or more HCP (including those that are forcing to game), it requires no Alert. This is the expected strength and shape of such a bid. If 2♣ is non-forcing, it must be Alerted.

In general, when the use of conventions leads to unexpected understandings about suit length by negative inference, a natural call becomes Alertable. *Some such agreements have become expected and are fairly common therefore no Alert is required.*

EXAMPLES: 1♥-P-1♠

If 1♠ promises a five-card suit (when playing an opening 2♦ bid as five hearts and four spades), no Alert is required.

1♣, 1♦, or 1♥-P-1NT If the 1NT bidder could or could not have four cards in one or both majors, again no Alert.

1♣-P-1♥ or 1♣ If the major-suit bidder could be passing up a four-card or longer diamond suit, no Alert is required.

If, however, your 1NT response on an auction of, 1♣, 1♦, or 1♥-P-1NT, shows a hand of 10-12 HCP, for example, an Alert is required.

## PART II: CONVENTIONS

A convention is defined as any call, which, by partnership agreement, conveys a meaning not necessarily related to the denomination named or, in the case of a pass, double or redouble, the last denomination named.

Examples of calls deemed to be conventional are: showing support for a previously bid suit and shortness in the bid suit (such as a splinter bid) and bidding your worst suit for takeout.

### ALMOST ALL CONVENTIONS MUST BE ALERTED.

In general, conventional calls require an Alert. In ACBL-sponsored events, however, there are some common conventions that do not require an Alert during the auction: Stayman, ace-asking bids, most meanings of cue-bids, strong artificial 2♣ openings and most doubles, redoubles and passes. Some Alerts are delayed until the auction is completed. (Discussed in a later article.)

#### 1) STAYMAN

Partnerships do not need to Alert their Stayman bids in order to differentiate between those that promise a four-card major and those that don't. Opponents may assume that an immediate bid of clubs over a natural notrump opening is conventional, asking opener to bid a four-card major, with no guarantee that responder has a four-card major suit.

However, when it becomes evident that the two-club bidder either does not have or tends not to have a four-card major, an Alert is required at that time.

EXAMPLE: 1NT - P - 2♣ - P - 2(x) - P - 2NT If the 2NT is or is most likely a raise in notrump without a four-card major, an Alert is required at the time of the 2NT bid.

If, however, 2♣ or 3♣ (e.g., after a 2NT opener) asks opener to bid a five-card major (commonly referred to as "Puppet" Stayman) an Alert is required.

Alerts are still necessary when the bid is not obviously asking for a major, such as a "checkback" auction where the club bid may be mistaken for one showing a club holding.

#### 2) STRONG, ARTIFICIAL TWO CLUBS

Forcing 2♣ opening bids, either natural or artificial, do not require an Alert. Intermediate 2♣ openings, such as those used in Precision systems, must be Alerted.

After a strong, artificial 2♣ opening, an artificial 2♦ response, which is either negative or waiting, is not Alertable. Those who play a "semi-automatic" 2♦ bid do not need to Alert. If 2♦ guarantees the values for game, or has any meaning other than negative or waiting, it must be Alerted.

### 3) ACE ASKING BIDS

4NT Blackwood (any variety over suits) and 4♣ Gerber (any variety over notrump) and expected responses thereto do not require an Alert of any kind. All other ace-asking bids and responses require an Alert, but some of these Alerts must be "delayed."

Ace-asking bids at the level of 3NT or below and usages on the first round (other than Blackwood and Gerber as described above) require **an immediate Alert**. Unusual ace-asking bids above the level of 3NT starting with opener's second turn to call require **a delayed Alert**.

EXAMPLES: 1♠-P-4♥-P- 4♠

If you have agreed to play 4♠ as an ace-asking bid, make a delayed Alert! Furthermore, the responses to 4♠ and to subsequent asking bids require a delayed Alert.

1♠-P-4♠

If this is Gerber, the 1♠ opener should say "Alert" immediately after the 4♠ bid.

1♥-P-4NT

If this 4NT is Blackwood, no Alert or delayed Alert is required.

*REMEMBER! THE DEFENDERS ALSO HAVE THE RESPONSIBILITY TO MAKE DELAYED ALERTS.*

### 4) CUEBIDS

Most cuebids are not Alertable. However, any cuebid that conveys a very unusual or unexpected meaning still requires an Alert.

EXAMPLE: 1♠-2♥-Pass-2♣

If the 2♣ bid is a heart raise with values or some constructive hand, no Alert is required. If the 2♣ bid is a transfer to clubs, an Alert is required.

EXAMPLE: 1♦-2♦

If the 2♦ bid shows the majors (Michaels), clubs and spades (top/bottom) or some other two-suiter (not including diamonds), no Alert is required.

TO BE CONTINUED.

### THE PARTNER By: Joyce Glittenberg

The cards are made, the hands are played.  
Winning seem enough, a finesse and a ruff.  
Did Goren really know betwixt the aces?  
Were all of those spaces?  
I didn't win the game but who, not I, will take the blame?

**BRIDGE FROM NEW ZEALAND**

Diane Sawczyn, reporting on New Zealand duplicate bridge:

I played Down Under for the first time. How lucky for me that we moved only four blocks from the Hutt Valley Bridge Club. I could play every weeknight and three afternoons a week if I had the inclination. I enjoyed myself but it is somewhat different than home.

First of all, you have to be nominated, seconded, and voted into the clubs here. Since I'm a Yank who will only be here six months, they held a meeting and decided to let me pay a full year's fees and will refund me the difference when I leave. It's \$85NZ for the yearly dues and includes membership in the national organization. You pay \$5 every time you play.

They are very proud of their bridge here and boast several members who are Masters or Grand Masters, although I don't think I played with any of them tonight! The lady who helped me with my membership application is ranked #12 in NZ. They use the ACOL system so I am more confused than ever when I bid. However, Sylvia, my partner for the evening, is a delightful lady who is very patient and willing to play with me again.

A drawing determines which partnership sits North-South to score. It is challenging because they don't use bidding boxes but write bids on a sheet of paper; some of the writing is difficult to decipher! The declarer is allowed to touch the dummy cards.

I have no idea how well or badly we did since they don't tally the scores immediately. They have a phone system where you enter in your membership number to find your results the next day.

More reports to follow.
